I MUST BE ABOUT MY FATHER'S BUSINESS

Luke 2:43-49

*Time, time is, time is winding up
Time, time is, time is winding up
There's 'struction in the land
God's gonna move His hand
Oh time is winding up.
Go and tell the sinner, time is winding up
Go and tell the sinner, time is winding up
There's 'struction in the land,
God's gonna move His hand
Oh, Time is winding up!*

The Secret is out: Christ is soon to come. He is on His way. He came first as Savior and He is coming again as Judge. We have polluted, destroyed, desecrated and perverted all that which is Holy and God is not pleased. There is an urgency for the Saints of God to deliver the message to the world that Jesus Saves! We must be about our Father's Business!

There is an URGENCY in the land where little boys think that they are little girls and little girls think that they are really little boys. Parents are accepting and encouraging this behavior.

There is an URGENCY in the land where gender transition is being a part of the curriculum in our elementary school and the Male and Female signs on the Restroom Door are being removed.

There is an URGENCY in the land where the Supreme Court dares to change what God has already established as marriage the union between a man and a woman.

There is an URGENCY in the land where the Gang in Blue who are to uphold the law and protect us from injustices are the ones who are doing the crimes.

There is an URGENCY in the land where parents will spend 10 hours plating braids in a child's head, but not 2 hours on home work.

There is an URGENCY in the land where the divorce rate is higher in the church than in the world.

There is an URGENCY in the land where Prime Time television has become as bad as Late Night. Naked bodies are displayed and sensual acts are exposed all day long. There is an URGENCY in the land where false prophets are persuading people to tattoo themselves with the numbers 666 and follow perverted teachings.

There is an URGENCY in this land where the two places that we thought were safe are now under attack: the Church and the School. The Movie Theater is no longer safe. The White House is not safe. Your own home is not even safe. No place seem to be safe.

There is an URGENCY in this land where 1 million of the 2.3 million incarcerated men are black. Black males ages 30 to 34 have the highest incarceration population.

There is an URGENCY in this land! Time is running out. The enemy knows this and he is trying to bewitch the Saints and keep the sinners. Satan is on his job or we? We must be about our Father's Business. We must reinstitute the true focus of the church which is to win souls for Christ not to raise money, to build grand places of worship or grow congregations, but rather to save the world with the Word of God!

Somebody needs to hear the Word of God. Somebody has not heard the Word. Somebody needs to know that Jesus saves. Somebody needs to believe again, have hope again, and know WHO can change situations. Who needs to hear: your neighbor, your co-worker, Uncle Bubba and Mae Qua Shonda, and Sis Sukie, the prostitute, the drug addict, the elderly whose family has forgotten to visit, the incarcerated who the Muslims got to first, the lonely/downtrodden who are considering suicide!

There is an Urgency in the Land!
